Living Memorial[®]

P R O G R A M

*"I will smile when I think of a small sapling growing
tall over the years to celebrate my husband's life."*

Batesville's Living Memorial[®] program, offered through our funeral home, is a unique and special way to honor the memory of a loved one. When you select a Batesville casket, container or a full size urn,* we arrange for a tree seedling to be planted in a national forest as a living tribute and memorial to the deceased – at no additional cost to you. Seedlings are planted by the U.S. Forest Service to re-establish woodlands destroyed by forest fires, blight and other natural disasters.

*Not all products qualify. Consult your funeral professional for details.

More than just a majestic memorial, these trees shelter wildlife, reduce water and wind erosion and contribute to the purity of the air we breathe, helping to improve the environment for generations to come. You will receive a special certificate that verifies a tree has been planted where the need is greatest.

The significance of a unique life is symbolized with the planting of a tree.
